

March Peer to Peer Award was awarded to Olga Rangel. Staff members would have to agree with Luz Gonzales that Olga goes out of her way to be helpful throughout the agency. Olga's position as a Phlebotomist allows her to be in contact with all CHDI patients on a daily basis. "She is always willing to help, always in a good mood, and she loves her job and loves what she does." Her positive attitude has helped her receive this month's Peer to Peer Award. Thank you Olga for all you do.
