

April Peer to Peer Award was award to Samantha Velasquez. Staff members would have to agree with Olga Rangel that Samantha goes out of her way to be helpful throughout the agency. Samantha's position as a Registration Clerk allows her to be in contact with CHDI patients on a daily basis. "She is always on time, knows what she needs to do and is really good with our patients. She is very knowledgeable and can always inform us whether it may relate to patients or the agency." Her cheerful personality has helped her receive this month's Peer to Peer Award. Thank you Samantha for all you do.
