

# CHDI October's Peer to Peer Award

Elisa could not have said it better when she described October's Peer to Peer recipient Ronda Wiggins from Rolling Hill Health.

"My peer to peer pick for the month of October is someone I don't work with on a daily basis, but her work speaks volumes through people that I talk to on a daily basis. When I have been at her office I have seen she is very professional and kind towards our patients. Very often we get great feedback from our patients about her. People calling in to set up an appointment always want to speak to HER because SHE will take care of them. So, for those reasons, my pick is Ronda Wiggins. "

Ronda, thanks for all you do!
